

2024 VOTER REGISTRATION

Cottonwood PaloVerde has expanded our voting system to include a digital voting option, managed by Vote-Now. Vote-Now is an experienced company in this field and has conducted many such elections in other HOAs across the valley and across the country.

What this means for you:

- If you registered with Vote-Now in the past you are automatically registered to receive an e-ballot package for the upcoming Board Election.
- If you already have an e-mail address registered with the HOA, you will automatically be registered to receive an e-ballot package.
- If you have a new email address, you will need to re-register with Vote-Now AND update your email with Homeowner Services.
- If you are not registered, you will receive the ballot package via USPS mail.
 - It is the homeowner’s responsibility to mail their ballot to Vote-Now at the address listed on the return envelope via USPS. Mail delivery time needs to be considered when mailing your ballot. Homeowner Services will not accept mailed ballots.
